### Musical Instruments

In order to make music, people need instruments. This exhibition shows how they are manufactured, how they work and which experiments and sophistry were required to reach today's standards. »

### medien.welten (media.worlds)

Every day, we make telephone calls, see television pictures from around the world, take snapshots with mobile-phone cameras, and surf the Internet... The new media world is beautiful, but how did it come about? »

### Three-colour Half-tone Printing

At the end of the 19th century, George Meisenbach develops half-tone printing, a procedure enabling the print of photographs in the press.
